Chautauqua June 4-5-6-7

Chautauqua dates this year come at a very satisfactory time and the attendance will undoubtedly break all previous records. As stated previously the programs are unusually attractive. Season tickets may be secured from members of the committee.

C.G.I.T. Groups Entertain Mothers

The community hall was the scene of another very pleasant event on Friday evening, when the Canadian Girls in Training entertained their mothers at a banquet. The "cats" were all that could be desired and during this period of good fellowship many new friendships were formed among the mothers of the girls. The toastmistress, Marion Gardner, called the meeting to order in a nicely phrased short speech. She welcomed the mothers and closed by proposing the toast of "The King."

The toasts and program follow:
TOASTS
Welcome—Toastmistress.
Toast—The King, Toastmistress.
Toast—Canada, Gretchen McNaughton.
Toast—Mothers, Jean Gardner, response by Mrs. Hoskins and Miss Smithson.
Toast—Home, Helen Smith, response by Mrs. Alexander.
Toast—Church and Sunday School, Violet Taylor, reply by Mr. R. I. Baker.
Toast—Boys' Club, Ruth Anderson, reply by Mr. Polier.
Report of Vulcan Conference—Helen Hoskins.
Talk—Miss Nix.

PRESENTATIONS
Allen McCullough—Miss Nix.
Freds Heatin—Miss Smithson.
Rhea Higgins—Miss Fleming.
Caroline Miller—Miss Bond.
Lona Stephenson—Miss Moyle.

PROGRAMME
Violin solos—Gladys Rhodes, accompanied by Miss Bond.
Skit—Miss Moyle's group.
Solos—Mrs. McLean.
Skit—Miss Bond's group.
Solos—Mrs. Williamson.
Skit—Miss Smithson's group.
"Taps" sung by all the groups.

A sing-song interspersed the various toasts. Miss Nix gave a short but comprehensive address, which was highly appreciated. Miss Nix, Miss Smithson, Miss Moyle and Miss Bond gracefully acknowledged the splendid gifts of which they were the recipients from the groups in appreciation of the splendid work done by them during the past year. R. I. Baker and Mr. Polier joined in expressing appreciation of the work of the leaders of the various groups.

The various items on the programme were all thoroughly enjoyed, those taking part excelling themselves in this instance.
The C.G.I.T. groups are to be highly congratulated on the very pronounced success of their effort at entertainment, the guests being unanimous in voting the evening one of the best ever.

The cow really forms the foundation of the farming industry. Not only does she supply the world with all the milk products, such as butter, cheese, milk, and cream, but almost all her flesh can be eaten and beef is the staple meat of most countries. Her hide is used for making leather, and her hair for mixing with plaster. Glue is made from her hoofs, and gelatine powder from her joints. When everything else is removed her bones are ground into fertilizer. No other animal serves mankind in so many ways—Question: Agricultural Journal.

Then Henry Said—
"My razor doesn't cut at all."
"Why, Henry, you don't mean to tell me that your beard is tougher than the olecloth."

Women's Institute Has Big Meeting

The W. I. met at the home of Mrs. Ulrich on May 21st, with 29 members and 11 visitors present. After the usual opening exercises some committees reported. The flower show is to be the last of August and the school clinic on May 30. Drs. Freeze and McLean will be present and Dr. Heal, who cannot attend, promises to do dental work for school children at reduced rates. The date of the baby clinic was not set but it was decided to offer three prizes, one for children up to two years of age, one for children from 2 to 4, and one for those from 4 to 6. A card party and tea will be held soon at the home of Mrs. W. A. Summers.

The W. I. plan to aid in the teaching of music in the public school and also decided to enter the competition at Carmangay Fair again. Most of the old committee were re-appointed and several more. Mrs. Bastin won great praise for her address on Maternal Mortality. It was full of interesting statistics, sound common sense, and good practical suggestions. The next meeting is to be at the home of Mrs. Fred Wise. After singing "God Save the King" the meeting adjourned and all enjoyed the delicious refreshments served by Mesdames McDougall and Ulrich who were assisted by Misses R. Smith and M. Ulrich.

Features of the afternoon were the cutting of the Ladies' Aid birthday cake into forty pieces, one for each lady present, and the fact that Mr. Ulrich had to make a trip to town to secure chairs, owing to the large attendance.

Ladies' Aid Birthday Is Lively Party

The birthday party given by the Ladies' Aid on their 22nd anniversary was one of the most successful events held in Champion for some time. The banquet room in the hall was filled to capacity and the program was exceptional. A birthday cake with twenty-two candles was presented for the occasion by Mrs. J. N. Beaulier and was presented to Mrs. W. Ulrich who had been a member of the organization during the entire period of its existence. The Aid started in 1907 at Cleverville and the first officers were Mrs. Martin Clever, president, Mrs. V. McClure, vice-president and Mrs. Whitmore, Sec. Treas. The original members were Mrs. Ulrich, Mrs. Zinn, Mrs. Halstead and Mrs. R. Long.

Following is the program:
"O Canada" Audience
Recitation Roberta Smith
Action Song Three Brave Boys
Fifteen children
Action Song The Workers
Eight boys and eight girls
Recitation Edna Orr
Mandolin Solo Beruss Pharis
Reading Mrs. F. Caldwell
Solo Mrs. McLean
Recitation Jimmy Miller
Song Constance Mathok
Violin Selection Gladys Rhodes
Reading in costume Mrs. Williamson
Recitation Dick Dupue
Song in costume Polly put the Kettle on
Four girls
Song Marguerite and Emma
Vanbelsien and Deana McNaughton
Song Waltz of the Sleep Elves
Fifteen children
Recitation Mrs. Stout
Presentation and lighting of the Birthday Cake
Mrs. Beaulier and Mrs. Ulrich
God Save the King

NOTES AND COMMENT.

The National Research Council of Canada is of the opinion that Garnet wheat should grade No. 1, not northern, as it is a better yielder than Howard wheat. The Lake of the Woods Milling Co. favors Reward. It is a case of paying your money and taking your choice.

The tragedy in a Cleveland hospital in which the death list exceeded one hundred persons, including doctors, nurses and patients has shocked the whole country. At the inquiry following the fire it developed that the officials of the hospitals had been warned of the danger of keeping film on the premises.

Canada's exports increased \$95,000,000 during the past twelve months. At the rate of progress maintained during the past few years Canada will soon be near the top of the class from a commercial point of view.

With seeding completed and summerfallowing under way the crop situation may be regarded as eminently satisfactory. Warm weather and sunshine are now the essentials for promoting rapid growth.

Soaring prices for cattle and hogs have naturally resulted in more attention being paid to these lines of live stock. Some authorities suggest that activity in this direction will result in a few years, at least, in the market being glutted. It would appear, though, that such a contingency is a considerable distance in the future.

Tree planting this year has been more general than ever before. During the past few years trees have made splendid growth and have more than repaid those who have undertaken to beautify their premises in this way. There is no reason why every farm home should not be surrounded by a grove of trees.

NEWS NOTES

The Right Rev. L. R. Sherman D. D. Lord Bishop of Calgary, will hold divine service in the United Church on Tuesday evening, June 4th, commencing at 7:30 p.m. The bishop will be assisted at the service by Rural Dean Gale of Calgary, the Rev. David of Gleichen and Rev. A. S. Partington of Taber. As this is the bishop's first visit to this district it is to be hoped that all who can, will avail themselves of the opportunity to come and make this service a real and beautiful one. After the service there will be a social evening, and all those who wish to meet the bishop will have the pleasure to do so, as he wishes to meet as many people as possible while on this visit.

Indicating the highly satisfactory condition of Alberta's

finances, a surplus of \$1,817,871 of revenue over expenditure for the fiscal year ending March 31, 1920 is announced by Hon. R. G. Reid, Provincial Treasurer. This gratifying total is made up of a surplus of \$1,578,823 on general revenue and \$239,048 on the Provincial Telephone System. The former amount will be applied to reducing the debt of the Province and the telephone surplus will be used to reduce the debt on that utility. A surplus to this amount constitutes a record for any year in the history of the Province and exceeds the showing made by any province in the Dominion in recent years. General satisfaction is expressed by members of the Government with the sound position of the Province's finances, this surplus being evidence of the fact that Alberta has turned the corner toward better times, as well as a strong vindication of the Government's financial policies.

One of the outstanding features of the land sales made by the Canadian Pacific Rail way land department this year is the large number of American farmers who are acquiring land in Alberta, states O. Kirkwood, superintendent of this branch. The increase in the number of farmers selling their holdings in the United States and taking up land in this province, according to Mr. Kirkwood, is beyond all expectations and before the settlement season of 1920 has closed, the influx of settlers from the United States will be greatly in excess of any previous year. The majority of these farmers, many of whom are well-to-do financially, are coming from the central mid-western states where exhibits of Alberta agricultural products have been widely shown during the past few years by the Publicity Branch of the Alberta Department of Agriculture.

A wheat pool bulletin says: Pool members are reminded July 15 is the cut off rate for the 1928 pool. Last year, due to the fact that a large quantity of grain was threshed in the spring, this date was extended for a week or so, and it is quite unlikely there will be any extension this year, and members are asked to bear in mind that their wheat must be delivered before July 15 to be included in the 1928 pool.

Two Eskimos now being held at Alkavik on criminal charges are to be tried at this far northern point this summer before His Honor Judge Dubuc, stipendiary magistrate for the Northwest Territories. The appointment of E. C. Darling as crown prosecutor and Joseph A. Clarke as defence counsel has been announced by the

Minister of Justice. The party is expected to leave Edmonton about June 10, on the 2,000 mile trip into the far north.

The important services rendered to Canadian agricultural and industrial life by two prominent Canadians were fittingly recognized at the recent convocation of the University of Alberta when the degree of LL. D. (honoris causa) was conferred on H. W. Wood, President of the United Farmers of Alberta and Chas. C. Cammell, Deputy Minister of Mines for the Federal Government. Mr. Wood has for many years been an outstanding figure in the development of agriculture and co-operation in Western Canada and Mr. Cammell has contributed greatly to the mining expansion which has taken place in the Dominion in recent years.

Having concluded their course of training at the provincial schools of agriculture at Oile and Vermilion, the first group of British boys who came forward under the arrangement between the Provincial Government and the Overseas Settlement Board have been placed in farm work throughout the surrounding districts. The second group of boys will have completed their course at the end of the present month and it is suggested that farmers wishing to secure farm help of this type, communicate with the principals of either of the above schools.

The Cheap
Paint Joker is
the Nigger-in-
the-Wood-File

The Cheap Paint Joker may tell you a very plausible story—lots of talk—promises—about his low priced paint. But he's just full of bluff. His paint is only "cheap" because it's skimped in materials or in the making—probably in both. And the quality isn't there. It doesn't cover. It doesn't last. It can't face the weather. There's the catch. The Cheap Paint Joker is the nigger-in-the-woodpile. Buy fine old S.W.P. made to cover, made to last, made to satisfy. For sale at Paint Headquarters by—

Pull Your Discs with Three-Fuel Power

Built for tractor power, the one-way-disc pulled by a three-foot Hart-Parr cuts to full width at any depth. You need not just skin your land, for Hart-Parr power enables you to set the plow down where it belongs and keep it there. Two and even three one-way-disc plows are common behind the larger Hart-Parrs. They pay their way. Hart-Parr is the one tractor that develops tremendous power from gasoline, kerosene or distillate. We are now showing the improved 1929 line equipped with three forward speeds to speed up hauling and field work. Hart-Parrs are built for small, medium or large farms. Come in and see them.

Alberta Dilly Accidentally Shot

(Lomond Press)

A tragedy which shocked the entire community occurred on

Saturday afternoon, about 1:30, when Alberta Irene Esther Dilly, ten year old daughter of Mr. and Mrs. A. J. Dilly of the C. P. R. station, Lomond, was the victim of an accident with an automatic pistol. With her older sister, aged twelve years,

the deceased had been playing with the weapon when by some means it was discharged, the bullet passing through the unfortunate girl's body, injuring the spine in its exit. Despite the fatal character of her injuries she lived six hours after, passing away about 7:30.

The deceased was very popular with every one including her schoolmates and her tragic death will be generally mourned. Her parents, two brothers and a sister, have the heartfelt sympathy of the entire community.

Corn
Picker-
Husker

Again Nichols & Shepard Company is first to offer another great improvement in threshing machinery — the first threshing machine to recognize the great dockage problem of the Northwest and provide the machines to solve it. The Carter Disc ReCleaner is now offered as special equipment, built in at the factory on the Red River Special 28x45.

The Carter Disc ReCleaner is built on the same principle as the Carter Disc Separator that has proved so successful in mills and elevators where it is almost universally used. It will effectively remove ears, wild oats,

and small seeds from wheat, durum, rye, etc. It ends the loss from dockage. It is all done in one operation. It cleans as fast as the grain is threshed. The grain is delivered free from dockage, clean, bright, and marketable at best prices.

This ReCleaner will produce a new profit for farmers and threshing men, first, by reclaiming the dockage and making it available for farm feed; secondly, by raising the grade of the grain so that a better price is secured.

This added feature on the Nichols & Shepard 28x45 machine makes it more than ever the Finest, Fastest, Cleanest Thresher. In addition to offering the greatest machinery ever devised for getting the grain from the straw, Nichols & Shepard now offer the greatest machinery ever devised for cleaning it. If you are buying a threshing machine—you want it. See us for complete information.

THE CRIMSON
WEST— BY —
ALEX. PHILIPPublished by Special Arrangement
With Thomas Allen, Publisher,
Toronto, Ont.

As dusk fell over lake and mountain, Donald returned from Wainwright's cabin. Andy glanced up expectantly as his friend appeared, but quickly averted his face as he saw Donald's features. Donald came disconsolately to a seat outside the kitchen door. He had found Wainwright alone and wondered if Connie had purposely absented herself. Her treatment of him since her return puzzled him sorely and had filled him with a great deprender. As he rose and walked toward his cabin, Andy gazed after the retreating figure, eyes filled with compassion, then turned to speak to one of his helpers in such an irritable tone that the fustiness' mouth opened in astonishment.

For three evenings it was the same. Donald failed to find Connie at home, nor did she come to the mill. He regretfully decided that it was no coincidence, but that she was deliberately avoiding him.

On a Sunday afternoon Andy saw Donald gaze yearningly toward the bluff, then turn up the trail leading to the dam.

At Donald's request Gillis had diverted logging operations to circle the little cabin in the heavy timber, so that Connie's sylvian glade still held its primeval charm and beauty. Donald stood for a moment gazing reflectively into the white foam at the foot of the tiny cataract, then threw himself on the soft bed of moss and closed his eyes. But this time the fairy spot did not bring the usual delicious languor to his harassed spirit. Birds sang as sweetly; flowers filled the air with the same odour; the wind sighed as softly through the tree-tops, and the small brook still sang its stinging song. The rapid tattoo of a woodpecker's bill on a hollow tree jarred his nerves and he tossed restlessly.

A cedar tip floated through the air. Blown by the wind, it fluttered in circles, then gently on the hands by-lying on his chest. His eyes opened, then, with trembling limbs, he came to his feet.

Connie, clad in faded overalls and cotton shirt, stood on the edge of the "nest." Her breast was heaving, her loosened golden hair flying in the wind. The softness in her eyes, the smile on her lips, and her heart thumped as though it were in his throat.

"Connie!" he cried huskily. "I love you, dear! Don't you care for me a little?"

She sprang lightly to the ground and came toward him, her arms outstretched. Tears of joy coursed down her cheeks. "Oh, Donald, Donald, you big stupid!" she sobbed. "I have been waiting here for you every day. I—I have loved you always."

With a shock of incredible rapture Donald gathered her to his strong arms, where she cuddled like a weeping child. He kissed her red lips, her eyes, hair and throbbing throat. "My little Connie," he said, in a voice vibrant with feeling, "do you really love me?" He pressed his cheek to

hers and felt the flutter of her long lashes as she pressed the softness of her own closer. The quick, exquisite intowing of her sobbing breath were lovely answering things, and he thrilled to hear her whisper: "Yes, Donald! Yes, Donald!"

Andy came walking meditatively up the path, his hands clasped behind him, his blood head bowed in deep thought. Not finding Donald at the dam, he walked up the hill, entered the meadow just as Donald clasped Connie in his arms. For an instant they little Australian stood rigid, his eyes bulging, then retreated hastily to the shelter of the trees. Any one seeing Andy at that moment would have thought him suddenly gone mad. He whirled about in a wild dance, bugging himself in an ecstasy of joy. Cursing his mad gyrations, he dashed his hand across his eyes and bolted like a runaway horse.

Gillis and his "redshirts" sat sunning themselves on the steps of the dining-room. They sprang to their feet as Andy came tearing down the hill. His gleaming Andy told them of the scene he had witnessed. "We'll give them a linkin' good reception when they come down," he pointed. He issued several sharp orders and the men scurried happily to execute his commands.

The train that was to carry the excursionists to the Coast was being made up on the siding. While they were awaiting this, the "visitors" watched with curious interest the mysterious preparations being made by the loggers.

At this moment, hand in hand, Donald and Connie turned the corner of the building. As they did so they came to a sudden halt and stared at each other scene before them. The men stood in two orderly rows. The ground between was carpeted with wildflowers, and each logger held a mass of balsam in his hand. At the far end of this lane of men stood Andy, a wide smile on his drab face. Connie lowered her eyes in confusion. Donald shook his fist at Andy. "You little buggar!" he was responsible for this.

Andy chuckled. "Come on, Donald, to a sport," he coaxed.

With flushed faces Donald and Connie walked down the aisle, while the men pelted them with flowers. The crowd of visitors clapped their hands in appreciation of this beautiful sight. They cheered and sang, and the gauntlet, Andy sprang to stump.

"Three cheers for the happy couple!" he yelled. A roar of applause followed. "A tiger!" shouted Andy. And again the air trembled to the hoarse shout of brawny throats. Connie straightened up and looked at her mother. "Mother," he said huskily, "meet your future daughter."

Quick tears came to his mother's eyes as Donald made this announcement. "My dear," she said tenderly, as her arms folded about Connie, "you are all love and tenderness."

The train's whistle screamed its warning and the crowd moved down to the station.

"Will you be coming home to us soon, Connie?" asked his father as he was leaving. Donald looked down at Connie.

"We'll visit you on our honeymoon," he said. "I'll be home in five days," he responded. Donald happily. He swept his arm toward the mountains. "I could never leave this. The spot

of the Great West has entered my blood."

Janet had spent the afternoon paddling idly on the lake. When she received the news of Donald's engagement she concealed the ache in her heart by an outward air of indifference. The presence of a headache enabled her to keep in her cabin and she did not appear for dinner. She wanted to be alone with her thoughts.

When the shadows lengthened, Donald and Connie moved slowly along the path toward the bluff. As they turned a curve in the trail Janet came to the window of her cabin and stood watching them until they disappeared from sight.

Andy, sitting a few feet distant with his back against a tree, noted the look of dependency on Janet's face. He came to his feet and walked slowly toward the kitchen. "An' Mchundin and through 'is whiskers, 'e 'vo 'olds 'is 'ead too 'igh 'ill 'e 'is 'olkins' tree."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"I hope you are not leaving us," said Connie.

"Yes, I'm guttin' the country."

"What?" questioned Donald.

"Gettin' too thickly settled. I feel that I ain't got time to breathe. I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

"I'm 'avin' the trail of 'im."

"Where are you going, John?" queried Donald.

Variations Of Steel Tape

A 300-foot flat hand steel tape will vary in length in the range of temperatures met with in Canada by several inches according to investigations of the Physical Testing Laboratory of the Topographical Survey, Department of the Interior.

BABY'S OWN TABLETS
WIN GREAT PRAISE

Many Mothers Always Keep Them In The House

Thousands of mothers state that they know of no other medicine for their little ones to equal Baby's Own Tablets, that they always keep the Tablets in the home as a preventive of childhood ailments, or if sickness does suddenly grip their little ones they feel safe with such a remedy at hand.

Concerning the use of the Tablets, Mrs. Doran Plouffe, Tinglewick, Que., writes:—"I have nothing but praise for Baby's Own Tablets. They are the only medicine I have ever given my two little ones and I am glad to state that the Tablets have always kept them in perfect health. I feel so safe with the Tablets that I always keep a box in the house."

Baby's Own Tablets are a mild but thorough laxative. They regulate the bowels, sweeten the stomach and thus banish constipation and indigestion; break up colds and simple fever and make the cutting of teeth almost painless. They are absolutely safe, being guaranteed free from all injurious drugs. They are sold by all medicine dealers or by mail at 25¢ a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The St. Mary's Journal-Argus says there are 55,000 chances of making a typographical error in printing a page of news. Needless to say, there are no erroneous pages.

Donald and Connie reached the bluff the sun had sunk in the crimson west, leaving a rich afterglow that spread across the horizon from west to east, the rich colors merging by slow degrees into that pure pasty-grey which dominates a long and lovely twilight of the British Columbia mountains. Down on the lake miles were gathering, but in the upper sky and on the glaciers a vivid orange glow still lingered. The trees stood still and motionless in the quiet air. From afar, under the dark, came the hoarse of a lion's growl, and from mountain gorges came the faint, sighing sound of distant waterfalls. Sweet and pungent odours of wild flowers came from the woods about them. A star of silver brilliancy sparkled suddenly out in the sky over the massive snow-clad peaks.

"Venus," whispered Connie. Donald's gaze swept from the camp, nestled at their feet, to the darkening heavens, to the star of love, then down to the girl by his side.

There are moments in the lives of all men—regardless of creed or religion—when they feel the presence of God. Such a moment came to Donald. He uttered no sound, yet his soul was crying out. His great thankfulness, Connie sensed his feeling. She bowed her head, her eyes misty with joy and gratitude. "Oh, God," she murmured softly, "we thank Thee for Thy many blessings."

THE END.

Took It Literally

An income tax clerk recently received from a "client" a form which was incomplete. Thereupon he sent it back with large crosses in red ink, where it was necessary to be filled in, with the words, "Please complete where marked in red ink." Some days later the following reply was received: "Dear Sir—I have no red ink." "Your faithfulness."

Sunday is being turned into doomsday.

Minard's Liniment—good for tired feet.

Active In Rust Research

Woman Doctor Receives Appointment In Winnipeg Laboratory

Dr. Lillian Hollingshead has been appointed to the plant-breeding staff at the Dominion rust research laboratory, Winnipeg. She is a Canadian, her home being in Saskatoon. She graduated with honors in arts and took post-graduate work in botanical science at the University of Saskatchewan, at Saskatoon, where she worked with Dr. W. P. Thompson on the cytology of wheat hybrids.

Hollingshead has been working three years in California, with Drs. Goltschew, Clausen and Elsbacher, which findings were presented at the recent meeting of the American Association for the Advancement of Science at New York. At the rust research laboratory in Winnipeg she will co-operate with the plant-breeding specialist in attempting to produce rust resistant varieties of wheat.

Little Helps For This Week

"The temple and shadow of heavenly things."—Jeremiah vii, 5.

From the eternal shadow, rounding All our sun and starlight here, Voice of four lost ones sounding, Bid us be of heart and cheer—

Through the silence, down the spaces, Falling on the inward ear.

Know we not our dead are looking Downward into the forest gloom, All our strife of words retaining?

With their mild and loving eyes? Shall we strive the holy angels? Shall we clasp their blessed ones?

—John Greenleaf Whittier.

If ever I am tempted to do something which is easy and pleasant, instead of something hard and disagreeable, which nevertheless I ought to do, if I can only think of the lost souls of mine, who always expected me to do right, and always showed the way, at once my will is fortified. No matter if we have our living friends, who are a law unto us, lives a surer to our will, the cloud of witnesses cannot be too full of eager and expectant souls. The dead are a law unto us, and we must strive to be as faithful as theirs is a flawless, moral inspiration.—John W. Chadwick.

First, Cook—"What do you do with yourself now that the ice man is out of a job?"

Second, Ditto—"Well, the man who collects instalments on the electric refrigerator ain't such a load sort."

DOCTORS quite approve the quick comfort of Aspirin. For these perfectly harmless tablets will ease an aching head without penalty. Their increasing use year after year is proof that they do help and don't harm. Take them for any ache; to avoid the pain peculiar to women; many have found them marvelous at such times. The proven directions found in every package of Aspirin tell how to treat colds, sore throat, neuralgia, neuritis, etc. All druggists.

Medical Council of London Nominates Ontario Man For Presidency

Donald Armour, M.D., C.M.G., F.R.C.S., a native of Cobourg, Ont., has been signally honored by receiving the first election upon which a graduate of the council of the Medical Society of London for the presidency of the body.

Dr. Armour is a son of the late Hon. J. D. Armour, a chief justice of Ontario. His election will mark the first occasion upon which a graduate of an overseas university has held the office of president of the historic British society.

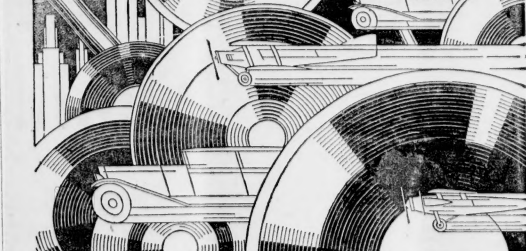

Stiffness

After strenuous activity a rub with Minard's Liniment will prevent aches and pains.

KING OF PAIN

MINARD'S LINIMENT

Riding abreast of the times

You expect more from your motor car today than you did years ago. And you get it. Greater speed, smoother power and more responsive performance are common to modern cars as a result of the development of higher speed, higher compression motors.

These improved engines demand a better oil—fuller-bodied, with greater resistance to heat and wear.

To ensure a better motor oil, Imperial Oil Limited goes all the way to Peru for the crude from which to make Marvelube. Marvelube is made from a base that is rich in all the qualities necessary for better lubrication of the modern motor. It is today the oil standard for high-speed motors from coast to coast.

Marvelube is preferred by over half a million motorists in Canada and is the choice of aircraft operators because of its superior lubricating qualities.

There is a grade of Marvelube refined to meet exactly the specifications of your car, truck or tractor. Consult the Marvelube Chart at Imperial Oil stations and dealers.

TABLETS

For Troubles Due to
Excess of Acid in the
Stomach

PHILLIPS
REDUCTION
TABLETS

For Troubles Due to
Excess of Acid in the
Stomach

PHILLIPS
REDUCTION
TABLETS

Rick stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid in the stomach causes heartburn, indigestion, gas, and causes one to feel tired and nervous. Phillips' Reduction Tablets are a safe, reliable remedy. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

Take a spoonful in water and your indigestion usually disappears. It usually takes five minutes. Then you will always feel better. You will know what to do. Crude and natural methods will never appeal to you. Do prove this for your own sake. It may save your life. Phillips' Reduction Tablets are a safe, reliable remedy. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

DIRIGIBLE MOORING MAST

The dirigible mooring mast that has been erected at St. Hubert aerodrome, Montreal, Quebec, to accommodate the British dirigible P-100 on her first flight to this side of the Atlantic this summer. The 200-foot steel tower is the first of its kind in Canada.

C.P.R. Branch Lines

Heavy Programme of Extension For the Season Of 1929

Under its policy of development and expansion, the Canadian Pacific Railway has already this season let contracts for 264 miles of branch line construction in Western Canada, according to D. C. Coleman, vice-president, western lines. This figure was reached following the announcement of four additional contracts totalling 112 miles, and it is expected that when the contracts of the newly authorized Langlin-Prince contract are let, that the season construction programme for the season of 1929 will call for slightly more than 300 miles. Work on these contracts will be commenced immediately.

Contracts announced follow: Nipawin, toward Prince Albert, 25 miles; contractor, F. Manick, of Calgary.

Kootenay-Landing to Proctor, 35 miles; contractor Dutton and Grant, of Winnipeg.

Archive to Wynmark branch from Lake Johnson to Wynmark, 27 miles; contractors, Riley, Reid, and Sandgren, of Edmonton.

Suffield to Blackie, branch from Arrowwood to Blackie, 23 miles; contractor, Tanimon Construction Co., Ltd., of Winnipeg.

Contracts already given this spring and which call for 174 miles of construction follow:

Acme, northwesterly, 25 miles; contractor, F. Manick, of Calgary.

Willington to Vegreville, 26 miles; contractor, F. Manick, of Calgary.

Lake Alma, west, 18 miles; contractors, Riley, Reid and Sandgren, of Edmonton.

Lloydminster, northwesterly, 25 miles; contractors, Ross and Wickham, of Winnipeg.

Unwin, westerly, 20 miles; contractor, F. Manick, of Calgary.

This company will also proceed with the Lacombe northwesterly, a distance of 20 miles, to the Cameron, of Winnipeg, are the contractors.

In making the announcement, Mr. Coleman stated that Royal Assent had recently been received, the legislation authorizing the construction of the branch line from Prince Albert to Prince Albert, and that it was proposed to start work on this work at the earliest possible moment, and immediately following the acceptance of the plans by the C.P.R. Railway Commissioners, at Ottawa. This line, which is 17.5 miles in length and will form an important link in the western branch line system, will be completed in 1929.

The H.M.C.S. Patriot, a destroyer presented to Canada by Great Britain following the war, has been sold to a British ship breaking company and it is understood will be towed to England shortly for scrapping. Her propellers have been removed at a Halifax dock.

A request will be made to the Canadian government by the United States for information concerning the seizure of two United States fishing vessels in Canada's Goose Island harbor, British Columbia, for alleged violation of the fishing treaty between the two countries.

The Department of National Defence know nothing whatever of any new explosive having been invented at Petawawa military establishment, the department conducting any experiments in connection with such explosives, was the official declaration issued from the department at Ottawa.

Negotiations with the Canadian National Railways are proceeding effectively the entrance of the Canadian Pacific Railway to Butterfield and North Battleford, and negotiations for an exit for the Canadian Pacific from Prince Albert northwesterly will shortly be undertaken.

Ship Murders To England What is stated to be a record commitment of murkaters in one batch to the Old Country was shipped on April 16th from Lindsay to South-end-on-Sea, England, in the care of the Canadian Pacific Express Company. The rodents are to form the nucleus of another new level in England, where the industry is thriving under an increasing demand for furs.

Altitude Of Banff Banff, the headquarters of Banff national park, Alberta, has an altitude of 4,358 feet above sea level and enjoys a climate which is in many respects, ideal. The air is exceedingly pure and has a most exhilarating effect.

Traffic Cop: Do you know you can't turn around in the middle of the block? Fair Lady: Oh, officer, I think I can make it just watch.

ECZEMA CAUSED MUCH PAIN

On Fingers. Lasted Ten Years. Cuticura Healed.

"When I was two years old eczema broke out in a rash between my fingers and caused much pain. My fingers were swollen and itched. The itching and burning caused me to scratch, which made it worse. I lost sleep on account of it. The trouble lasted about ten years before we began using Cuticura Soap and Ointment. After one week's use it looked better, and after using three cans of Cuticura Soap and two boxes of Cuticura Ointment I was completely healed." (Signed) Miss Ellen Cavanagh, Enterprise, Ont. June 3, 1928.

Many Conveniences In British Post Office

People Accommodated in Many Ways For Small Charge

The British post office officials are capable and obliging and if anyone is short of mail he can go to the nearest post office and make himself home. An express messenger is sometimes given charge of a person and takes him to his destination, where he obtains a receipt. The charges, based upon the distance travelled, are a quarter of a penny, merely say to prove that a letter has been posted, there is no need to register it. The Post Office will supply any form of "notice of posting" for a halfpenny. If you miss the last collection of letters and have an urgent communication to send, ring up the post-office of the district (all them your plight, and dictate the letter. It will be written out and sent off with the next mail. The charge is three pence for the first thirty words, a penny for every ten afterwards, and the ordinary postage and telephone fee.

Five Thousand New Farms

Increase in Alberta Six Per Cent. Entire Cultivated Area

Hon. George Hoadley estimates that 850,000 acres of land which was newly broken last season will be under crop this year in Alberta. That is equivalent to more than 5,000 farms of a quarter section each. It is entirely under crop. Or to twice that number with half of each under crop. The increase is approximately six per cent. of "new estates of land" in the province. In sixteen years at that rate of going the green acres would be doubled. And the outlook is that there will be more land broken this year than last. The oil drillers and mining companies are not the only parties who are making a lively drive on the latent resources of the west. The chap who is ripping up the sod is also doing a turn that is worth making note of.

Distinction is the better part of squallor.

Every sower must one day reap from the seeds that he has sown.

It May Be Urgent

"They all said that weren't hungry but look at the platters!" That's how it goes when you cook your slice of ham in Borden's St. Charles Milk. The mustard flavor is cooked in, and there's a suggestion of cloves, too! — besides the extra-rich milk which gives every dish a superior savor and nutritive value. Be sure to use St. Charles milk — ordinary milk is too thin.

You'll be surprised how different this dish is from just plain ham.

Baked Ham With St. Charles 1 slice ham cut about 1 inch thick, 1/2 cup of fat.

1 tablespoon sugar. 1 cup Borden's St. Charles Milk. 1 teaspoon mustard. 1 teaspoon onion powder. 1/2 teaspoon ground cloves.

3/4 cup fat. Trim off rim of fat and cut in very small pieces. Thoroughly mix ham and mustard and pat into ham. Place in rather deep pan. Mix together 1/2 cup sugar and 1/2 cup mustard; the fat; place over top of ham. Dilute milk with water and pour over ham in cover. Bake in a moderate oven, 1 hour. Turn, add more sugar. Add more milk as needed to cover ham while baking.

Good Lamb Chop Southern Alberta stock owners are harvesting one of the best lamb crops in years, it was revealed at the annual meeting of the Southern Alberta Sheep Breeders' Association at Lethbridge, Alta., recently.

SUNDAY SCHOOL LESSON

MAY 26

GOD'S LAW IN THE HEART

Golden Text: "Thy word have I laid up in my heart; that I may not sin against Thee."—Psalm 119:11. Lesson: Jeremiah 31:1-40. John 1:17; Hebrews 8:7-13. Devotional Reading: Psalm 119:16.

Explanations and Comments

Israel's Responsibility for Sin, Jeremiah 31:20.—There was an old saying among the Jews that the fathers have sinned their graves and the children's teeth are on edge. The proverb puts the responsibility for the sins of one generation upon the preceding generation. In Jeremiah's day the people were complaining that they were being punished, not for their own sins but for the sins of an earlier generation. In the future, Jeremiah declared, individual responsibility would be recognized, a man would realize that he was judged for his own sins, not for those of others, and this proverb would no longer be repeated. The fathers had sinned, but the children had sinned, too, and the children would be responsible for their own sins. To express this, Jeremiah amended the proverb to read, "Every man shall eateth the sour grapes his teeth shall be set edge."

Most people like to lay the blame for their misfortune or faults upon others. It is the fault of circumstances that they are not more successful in life. It is their unfortunate heredity that has made their character what it is. Some one else to bear the blame is a "long-felt" wish of humanity. Jeremiah placed the blame where it usually belongs. In our sin, God is the only one speaking to us—we have sinned against Him. He is the one who is to be good. Suppose a boy has done another a bad turn. The one who has been wronged has been brooding over his wrongs, when suddenly he learns something about his companion that makes him realize that he is not more successful in life. It is his unfortunate heredity that has made his character what it is. Some one else to bear the blame is a "long-felt" wish of humanity. Jeremiah placed the blame where it usually belongs.

NEW TAX ON SALE OF SHARES TO BE LEVIED

Ottawa.—The new tax on sale of shares of stocks scheduled to come into effect on July 1 next, again received the endorsement of the House of Commons. By a vote of 96 to 10 the House defeated the amendment moved by Hon. R. B. Bennett, Conservative leader. The amendment would have had the effect of leaving the tax on shares as it is at present.

The amendment was moved when the resolution to give effect to the tax changes came up for second reading. This resolution had a rough time when the House was in committee of ways and means but emerged successfully after two votes. The new taxes were attacked along much the same line as a conspicuous opponent was Malcolm Lamb, Liberal member for Temiskaming South, who condemned the proposal in his uncertain language and voted against it when the House divided.

A number of Conservative members voiced their opposition to the new levy but the other groups took little part in the debate.

Following the division, the resolution received second reading and a bill based on them received its first reading.

During the debate the minister of finance, Hon. J. A. Robb, said there was never a time in recent years when so much speculation had taken place on the exchange throughout the country than had been witnessed during the past year. He submitted there was a general feeling that the nation should profit by this speculation. It men decided to gamble on the market and risk their money, there was no reason why they should not assist the national treasury, Mr. Robb said.

Engine Driver Acquitted

Verne Alexander Found Not Guilty Of Criminal Negligence

PARRY SOUND.—Verne Alexander is a free man, acquitted by a jury of his peers on charges of manslaughter and criminal negligence. Alexander was the engine driver of the ill-fated Canadian National train No. 10, which crashed head-on into another train after running past its ordered meeting point at Droccourt in the early morning hours of March 20. Last week, criminal proceedings were launched against Alexander. He survived seventeen and possibly 20 lives were lost, and criminal proceedings were launched against Alexander. He survived members of the train crew.

After a trial lasting two days and a half, Alexander was found not guilty by a jury of twelve men. The charges against Alexander, and Brakenham Charles Gordon, of Toronto, who was charged with manslaughter, were dropped.

The chief defence offered was the distraction under which Alexander was laboring—his eyes were "blacked" by the failure of the warning signal which is ordinarily given by the conductor in a train approach to a crossing place. Alexander admitted he forgot his orders and flashed past Droccourt.

Honorary Degrees

Five Degrees To Be Conferred by University of Manitoba

WINNIPEG.—Five degrees of doctor of laws, honoris causa, will be conferred by the University to the list prepared by university officials.

Those who will receive the honorary degree are: Henry Mark Auld, director of Canadian school of pre-histories in France; David M. Duncan, superintendent of the water works of St. Paul's Presbyterian Church, Vancouver; Chester Martin, professor of history, University of Manitoba; Walter C. Murray, president, University of Saskatchewan.

Appointed To Calgary Post

Ottawa.—Lieut.-Col. C. E. Conolly, officer commanding Lord Strathcona's Horse, Royal Canadian, is to take over the duties of general staff officer, Military District No. 13, Calgary. It was announced at the department of national defence, Ottawa, that Captain H. T. Cook, of the R.C.M.C., who returns to regimental duty at St. John's.

Cruiser At Victoria

Victoria.—H.M.S. Colombo has arrived at Esquimalt naval base here from Bermuda in the west of Captain C. C. Dodson, D.S.O. The cruiser will remain in British Columbia waters until August.

Urges Outlets For Peace River Country

Railway Would Lengthen MacKenzie River Season Says General McTear

Ottawa, Ont.—Construction of railway outlets for the Peace River country from the MacKenzie River to Vancouver, through Peace, Pelly, which is claimed would increase the present season on the MacKenzie to the Arctic from two and one-half, to four and one-half months, was advocated in the House by General A. D. McTear, Conservative, Vancouver North.

The railway, as advocated by General McTear, would be joined in its course by the present railway from Peace River Crossing and Edmonton, and would meet the MacKenzie River somewhere below Great Slave Lake in the vicinity of Fort Providence. It would give, General McTear estimated, a 40-hour rail service from Edmonton to that point. This would compare with the present "infrequent boat journey of eight days downstream and 12 days return, thus opening up a new Arctic each year.

"The railway, by missing all boat delays due to ice in Great Slave Lake in the spring, would make it possible," he declared, "to reach the MacKenzie River six weeks earlier in the year than at present, thus opening up a new Arctic each year."

With such a railway line the MacKenzie River would be open from May 15 to early in October, General McTear stated.

Would Cost Forty Million

Charter Being Asked For Manitoba Line To Hudson Bay

WINNIPEG.—Approximate cost of the proposed Emerson-Churchill-Culmination Railway, which would act as a feeder to other railways and bring Winnipeg 260 miles nearer Churchill, terminus of the Hudson Bay Railway, is \$40,000,000, Charles P. Gray and Fred C. Hamilton, directors of the company seeking a charter for its construction from the Manitoba government, told members of the law amendments committee at a special session held here.

The committee ordered the bill reported to the legislature with an amendment providing that construction be completed within three years and completion of the line in seven years.

The line would be constructed from Emerson, 40 miles from Winnipeg, to the Manitoba-Minnesota boundary.

Ask Higher Duty On Eggs

Parliamentary Advice Made Application To Tariff Advisory Board

Ottawa.—For the first time on the records of the tariff advisory board, the board has been asked to recommend an application for an increase in duty.

There are 40,000 poultry men in the Dominion, and the board has received from Ontario, as well as more than 2,000 merchants from British Columbia, and the provinces in sympathy with the application, before the tariff advisory board recently for 200 per cent. increase of duty on imported eggs.

The increase asked in the applications is from 3 cents to 9 cents on every dozen of eggs brought into Canada in the "extra" class. The item probably affects more individual producers than any other which has come to the attention of the commissioners.

Phillips To Retain Post

Ottawa.—William Phillips, first United States minister to Canada, will continue here during the Hoover administration. Mr. Phillips returned from Washington where he was conferred with President Hoover, and Henry L. Stimson, Secretary of State, that there would be any change of representation in Canada.

Postal Bill

Ottawa.—The House of Commons gave second reading to the bill which provides for adjustment of salaries of the postal employees who participated in the Winnipeg strike of 1919 and were subsequently re-employed at reduced wages. The bill now stands for third reading.

Celebrated Liberation

Rofa, Bulgaria.—Tens of thousands of Bulgarians from the most remote towns and villages of this country were freed from slavery here May 15, to participate in the 50th anniversary of Bulgaria's liberation from secular Turkish rule.

EXPLOSION HOSPITAL TAKES A HEAVY TOLL

Cleveland.—Poison gas and two explosions which followed burning of X-ray films in the Cleveland Clinic claimed 130 lives.

There were 28 known dead, and hospital authorities worked desperately to administer artificial respiration to 43 more who were overcome. Victims from the disaster were dying at short intervals, and physicians sent out appeals for additional oxygen for fear that the supply in the city might prove insufficient.

Nearly all the deaths were attributed to the deadly gas which filtered through the four-story brick building—slowly at first, and then augmented by a second and greater explosion, which struck, made up from the basement and cut off escape down the stairways and elevators.

It was ironic that the disaster occurred in a very place where the most advanced instruments and laboratories of science had been turned against pain and death. The clinic was owned principally by Dr. Geo. W. Crile, nationally-known physician, who was too occupied with relief work to comment on the catastrophe.

Identity of the powerful gas which wrought one of the worst tragedies in the history of the city had not been determined.

It is probable, however, it was a mixture of gases coming from many forms of chemicals in the building. In addition, the burning films gave off a gas said to be deadly.

Although doctors and nurses got out a few patients at the start hardly a minute went by before the flames filtered out from every opening, forcing rescuers back. When the gas began to fill, they rushed into a sense of shrieking horror.

Bodies littered the floor like flies that had been sprayed with poison. Some of them were seared by flames, their clothing still smoldering. Others who had not lost consciousness were crying out in agony.

Among the most pitiful sights of the disaster were suffering patients who in agony dragged themselves to windows seeking fresh air, and who were too weak to break the glass. Others who lay flat on the floor, their heads buried in their hands, or who were slumped over by their noses. For a moment they stood at the windows, beating helplessly, then slid down to the floor out of sight to die in horrible pain.

The Cleveland Clinic is a separate building from the Cleveland Hospital. The Clinic, a four-story building, houses many laboratories of physicians, and the death toll was from both the staff and patients who come for consultations.

Coal Rates From Alberta

Edmonton.—Coal from Alberta mines will move to Ontario on a special freight rate for the same period in 1920 as this year. A. Chard, freight traffic supervisor for the province, said that the rate was set by Canadian Railway Board, of an order setting January 15 to July 15 as the coal movement season for next year, thus continuing the present arrangement for one year more.

Death Of Pioneer

Winnipeg, Man.—William Elliott Macara, K.C., 70, registrar-general of Manitoba, and pioneer of the province, died at his home here, May 15. He had been ill for several months. Mr. Macara was born in London, Ontario, and he came west in 1882. He has been connected with the land titles office here for more than 42 years. Mrs. Macara survives.

Presides At Newspaper Gathering

Edmonton.—All-Canadian newspapermen gathered here for a conference with the Canadian Daily Newspapers' Association, who presided at the tenth annual meeting of that organization.

All-Canada Telephone Line

Plan Would Link Up East and West
Edmonton.—Planning an all-Canadian telephone line between east and west, which might be in operation this summer, prominent telephone company officials arrived in the city for a conference with the provincial government. In the party are H. L. Harris, executive vice-president of the Associated Telephone and Telegraph Co., Chicago; W. N. Curtis, vice-president and general manager of the Automatic Electric Co., Chicago, who are accompanied by G. H. Halse, chairman of the British Columbia Telephone Board.

At present Alberta and British Columbia are the only two provinces that have inter-provincial telephone service. Now it is planned to link up all the provinces so calls can be handled on an all-Canadian line without having to utilize services in the United States.

After leaving here the officials will confer with the governments in Saskatchewan and Manitoba. Mr. Halse will go on to Ottawa, while the others will return to Chicago.

Pay Fines On Instalments

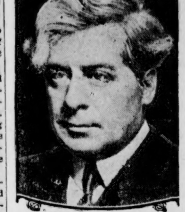

Bill Before Senate Would Amend Criminal Code

Ottawa.—A bill sponsored by Senator Bracken amending the criminal code so as to provide that fines may be paid on the instalment plan, was given third reading in the Senate.

The Senator pointed out that there were 220,000 people convicted and fined last year in Canada. Of these 40,000 paid and the remainder went to jail. He thought it unfair to require a jail term when many were unable to pay their fines.

PRESIDES AT NEWSPAPER GATHERING

Edmonton.—All-Canadian newspapermen gathered here for a conference with the Canadian Daily Newspapers' Association, who presided at the tenth annual meeting of that organization.

Heard Gagnon, president of the Canadian Daily Newspapers' Association, who presided at the tenth annual meeting of that organization.

Feed Grain For Poultry

Alberta Wheat Pool To Assist Poultry Raisers Of B.C.

Vancouver.—With the object of supplying British Columbia poultry farmers with feed grain at prices lower than those now charged, the Alberta Wheat Pool is turning its attention to this phase of marketing. It is expected to institute a service which will benefit the poultry industry, particularly in the Fraser River Valley.

This makes the gist of an announcement made by G. G. McGeer, K.C., before the Saskatchewan Royal Grain Enquiry Commission. The sitting was devoted to the hearing of witnesses from among British Columbia poultry raisers. Mr. McGeer intimated that he would call witnesses to bear out his announcement regarding the plan of the Wheat Pool. Two farmers who had retired from the prairies to raise poultry in the Fraser Valley, painted a gloomy picture of present conditions in the industry. They agreed that without cheaper feed British Columbia farmers faced ruin.

Will Tour Western Canada
New Head Of Salvation Army To Make Visit Next Fall

Toronto.—General David J. Higgins, who has just chosen head of the Salvation Army, in accordance to General Bramwell Booth, will tour western Canada in the course of his first visit to the Dominion next fall. Accompanied by his wife, he will arrive at Montreal on August 20, and after visiting a number of centers, will proceed west. His western itinerary, however, has not yet been planned.

General Higgins will attend the National Congress of the Salvation Army in Canada, to be held from October 11 to 18, inclusive.

Parliament Will Sit
On Wednesday Evenings

To Put Through Balance Of Session's Business—Premier of Ontario

Ottawa.—Premier of parliament begins to loom on the horizon. With a view to expediting the remainder of the session, the Premier, W. L. Mackenzie King, has given formal notice on the order paper of the House of the motion for the Commons to sit on every Wednesday evening, beginning at once.

The usual practice is for a six o'clock adjournment each Wednesday evening, but towards the end of each session Wednesday night sittings are introduced for the purpose of putting through the balance of the session's business with as little delay as possible.

New Branches For Red Cross

Society Added Fifty-Three To Organization Last Year

Ottawa.—A definite advance in the organizing activities of the Canadian Red Cross Society during 1928 was reported by Dr. J. L. Biggar, national commissioner, of Toronto, at his address of the central council of the society.

At the end of the year under review 433 local branches of the Canadian Red Cross Society are functioning. This total included 53 new branches and reorganization of 52 inactive branches.

The commissioner's report indicated that, although ten years had elapsed since the end of the world war, there had been no material change in Red Cross service for ex-soldiers.

Amend Metal Marking Act

House Of Commons Passes Bill In New Form

Ottawa.—In amended form the bill amending the precious metals marking act, 1928, was passed in the House of Commons by the committee of the House of Commons. The measure, as it now reads, provides that if an article is imported and has applied to it any mark, it must, if manufactured in Canada, bear also the name of the manufacturer. If the article is imported and has applied to it any mark, it must also bear the trade mark of the importer, or the name or trade mark of the manufacturer or dealer together with the word "imported."

Purchase Timber Rights
Oshawa Firm Will Supply General Motors With Timber Needs

Oshawa, Ontario.—Gale and Trick, of this city, announced their firm has purchased a block of 25,000 acres of timber rights in northern British Columbia, and has a mill under construction to cost approximately \$1,000,000.

The limits are about 90 per cent. spruce, and the company will supply the lumber needs of General Motors of Canada. The balance of the production will be shipped to the Oshawa and Walkerville plants.

CHAMPION CHATTER

VOL. 2

Thursday, May 23, 1929

No. 14

Published in the interests of the People of Champion and Farmers of this vicinity.
GEO. L. DEPUÉ, Editor.

EDITORIAL

If your shoes squeak, turn 'em upside down and drive tacks into the sole. Make the tacks describe a circle or diamond shape. This will stop all squeaking.

Clarence Davis has taken one of the new 22-30 Mc-Dug tractors. Clarence says he likes it fine and reports 10 miles in 8 hours with a 4 bottom plow and says it handles it with ease.

'Out of sight, out of coin' are usually the last words of pigsties. We have unloaded a car of Chevrolet cars this week.

Smart summer border—Well, Farmer Jones what did this chicken die of? (bushy chewing a frowning wile).

"Good Equipment Makes a Good Farmer Better."

Farmer, incidentally—Throat trouble. Oscar Hagg says he put in his crop of 500 acres with his Mc-Dug tractor for less than \$100, cash outlay.

Don't put all your eggs in one basket—try an incubator. Have you one of those new Mc-Dug, Harrow Plows? If not, have you inspected one? We have one of the 9 foot slices set up and on display at our store for your convenience.

"Fighting may be all right—if you do it intelligently."—Yes, but you can't always find a smaller man.

We're very pleased to pass along the good news that our friend Herbert Willes is improving nicely from his illness. "Where is the man you called 'bugging my house' hurriedly asked."

the home owner. "He got into my house last night without waking my wife, and I have been trying to learn that trick for ten years."

We are in business to make money—so are you. If we meet each other half way in all things, both of us will profit.

We are selling quite a lot of Wm. Penn motor oils but our stock is kept complete at all times.

We have two splendid boys in used tractors. Both have been overhauled and are in A 1 condition.

ALBERTA.

LOCAL AND GENERAL

Champion Elks Sports and Carnival—July 1 and 2.

Long Louie has installed a Frigidaire refrigerating system in his restaurant.

Mrs. Theriault was a visitor here this week and was welcomed by many friends.

Mrs. Aubrey, whose little daughter was operated upon for appendicitis in Calgary, and who has been in the city for some time, is expected home in a few days, the patient having recovered nicely.

K. R. McLean R.O. of Anderson & McLean, Sight Specialists, 208 8th Ave. West, Calgary, will make his monthly visit to Champion Thursday, May 30th, at the Drug Store.

Rev. and Mrs. Hunt left on Monday for Calgary to attend the conference of the United Church. Mrs. Hoskins, the lay delegate from this circuit, is also in Calgary.

Mrs. F. C. Alecock leaves at the week end for Edmonton where she will attend the provincial convention of Women's Institutes.

Found—Firestone tire, size 440-21 and rim. Owner call at Chronicle office.

The fish season is on again and many Isaac Walton's are on the warpath.

"Four Sons" is the story of the mother the soldiers left behind and Fox produced them both.

Miss Ina Hammon left recently for Lake Louise to resume her position for the summer months.

Born—On Sunday, May 19th, at the Holy Cross hospital, Calgary, to Mr. and Mrs. August Siegel, a son.

Mrs. Burns of Edmonton, mother of the Patterson brothers, was the guest of Mrs. Millin for a few days.

Now the elevator men are recovering from last fall's rush and recuperating for the bumper crop of this year.

Born—To Mr. and Mrs. A. Beingsmeyer at Mrs. Milliken's maternity home, on Wednesday, May 22nd, a daughter.

Mr. and Mrs. Jas. Lobban and small son, of Huxley, visited Mrs. Lobban's parents Mr. and Mrs. W. Radley, Lethbridge.

Rev. Jos. Lee, formerly of Champion and later of Barons United Church, has accepted a call to Memorial Church, Medicine Hat.

The warmer weather secured a prompt response from grain, grass, gardens, and trees and now the green is prominent in every direction.

There will be no preaching service in the United Church on Sunday, owing to the absence of the pastor, but Sunday school will be held as usual at 11 a.m.

The second annual convention of Alberta Elks will be held in the new Elks' auditorium in Calgary on Friday, May 24th. Sixty lodges will send delegates to the convention.

The high wind on Friday kept a good many people at home for the day. A number went to Vulcan where a baseball game, Carmangay vs. Vulcan was won by the former, with Jimmy Walker doing the hurling and with F. M. Watts catching.

Under the auspices of U. F. A. a dance will be held in the Alston community hall on Wednesday, May 29th. The Len Davis orchestra will furnish the music and a big time is expected. Admission \$1.50 per couple.

Barons took the short end of the score at Champion on Wednesday evening, while on Thursday Champion school lost to Carmangay at the latter point. On Wednesday Carmangay defeated Lomond at Carmangay, two Champion players assisting the former.

George Duquesne returned from Calgary last Friday where he has been in the Holy Cross hospital for an operation. While still weak he is making rapid progress towards complete recovery. He wishes to thank the many friends who visited him and also the Champion Elks' Lodge for flowers.

Greatly increased interest in turkey raising as a profitable sideline to general farming operations is reported throughout the province. Still further expansion is anticipated judging from the number of inquiries received by the poultry branch of the Department of Agriculture for the recent publication "Turkey Breeding and Management" which is a free bulletin available for distribution.

Mother love—Brotherly love—And the love of youthful sweethearts—All three are woven into the story of "Four Sons."
